*Please note that per federal insurance guidelines, a student that is 65 years or older is not eligible for this Student Health Insurance plan unless they are not eligible for Medicare.

**Annual Deductible:** An amount you could owe during a coverage period (usually one year) for covered health care services before your plan begins to pay. An overall deductible applies to all or almost all covered items and services.

**Annual Out of Pocket Maximum:** The most you could pay during a coverage period (usually one year) for your share of the costs of covered services. After you meet this limit the plan will usually pay 100% of the allowed amount.

**Copay:** A fixed amount (for example, $15) you pay for a covered health care service, usually when you receive the service. The amount can vary by the type of covered health care service.

**Coinsurance:** Your share of the costs of a covered health care service, calculated as a percentage (for example, 20%) of the allowed amount for the service. You generally pay coinsurance plus any deductibles you owe.
